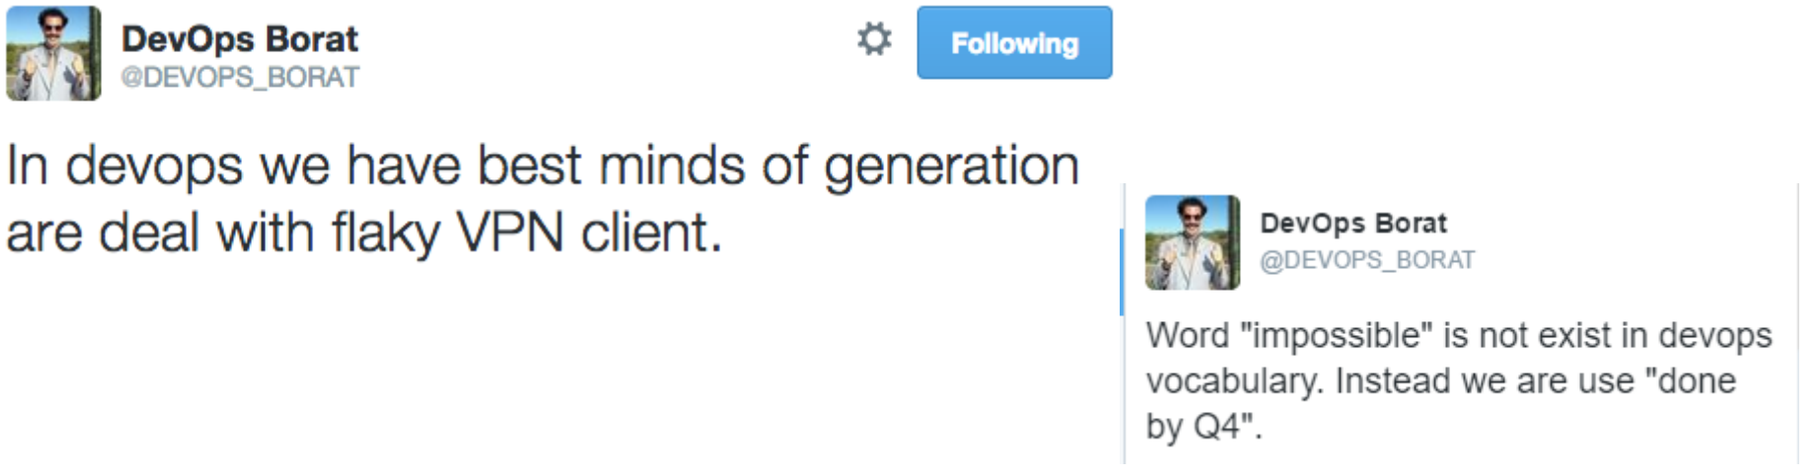
Goal of sysadmin is replace itself with small shell script. Goal of devops is replace itself with small REST API.
Expand



DevOps Borat
@DEVOPS_BORAT
Following
In devops we have best minds of generation are deal with flaky VPN client.
DevOps Borat
@DEVOPS_BORAT
Word "impossible" is not exist in devops vocabulary. Instead we are use "done by Q4".

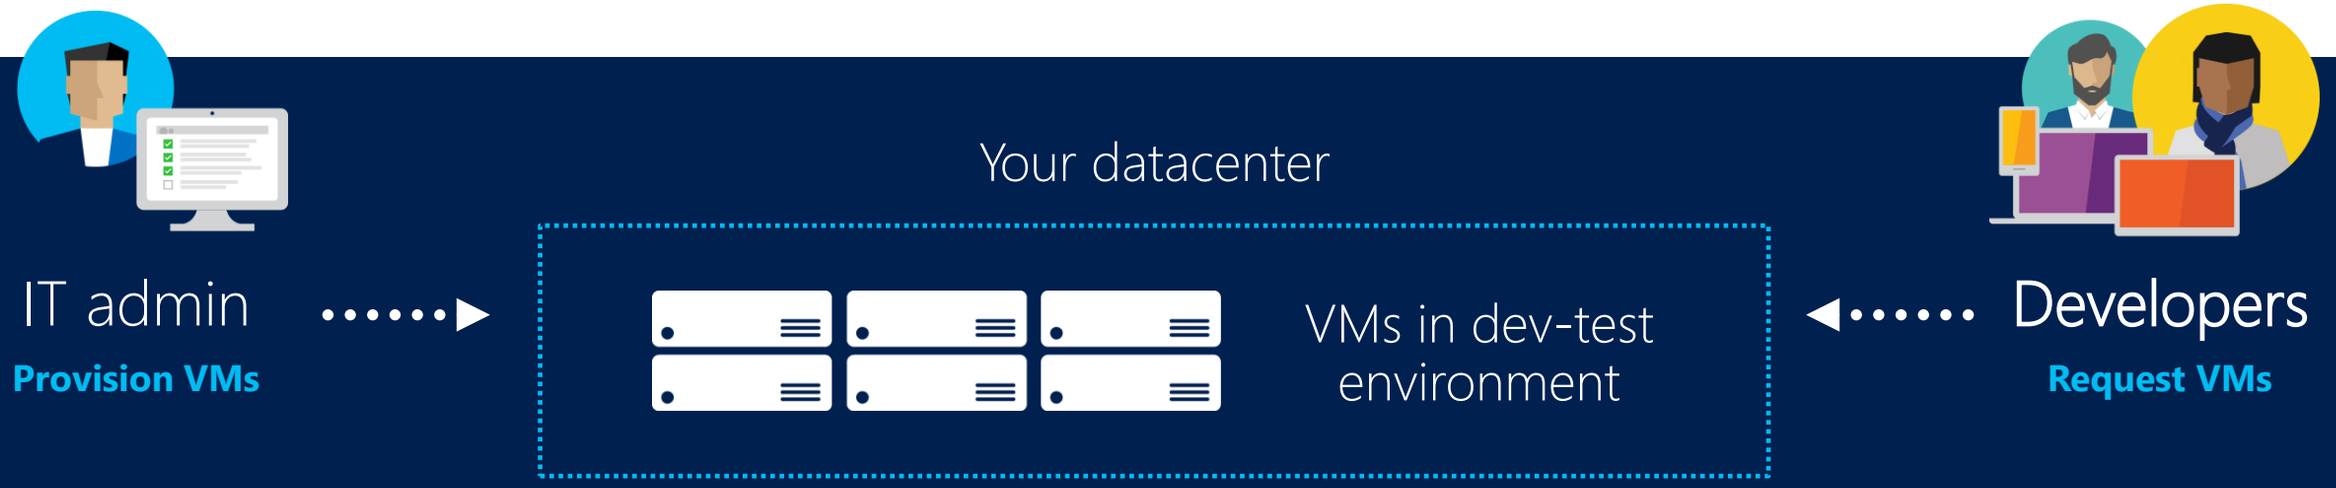
Provision VMs

Challenges of running dev-test on premises



65% **of developers say it is too complicated and time-consuming to get development and test resources**

10% **Average utilization of dedicated dev-test infrastructure**

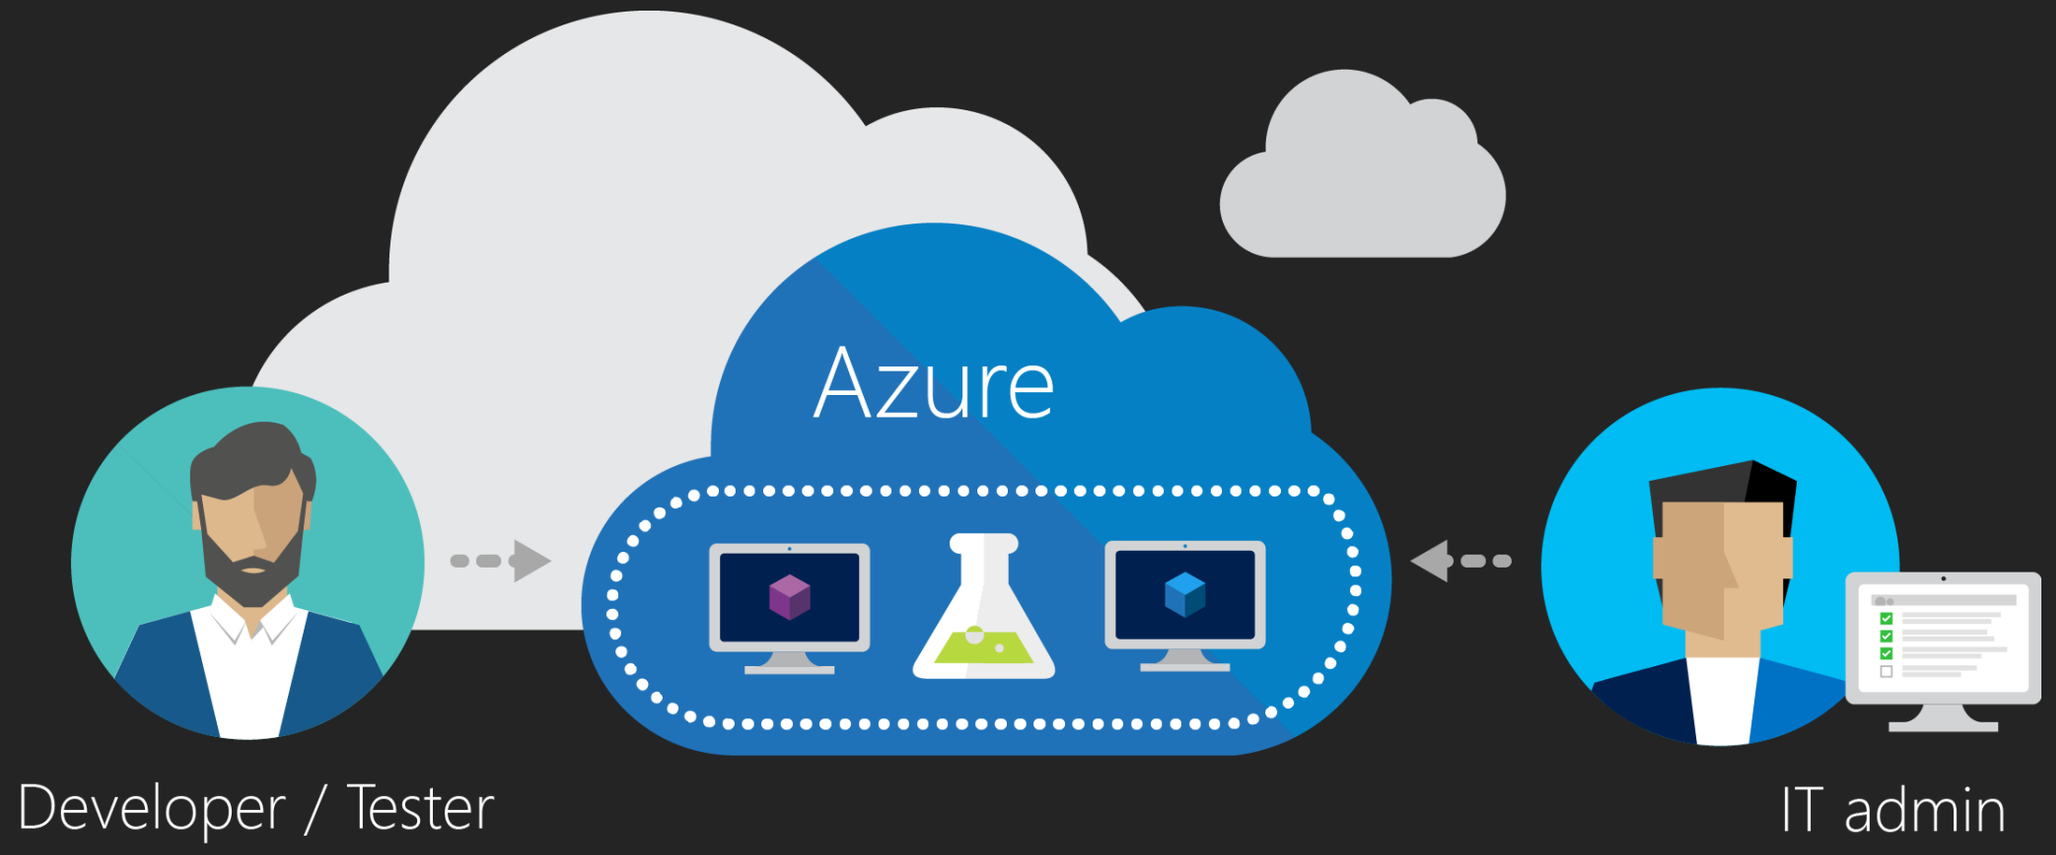
Source: Business Case for Test Environment Management Whitepaper, Cognizant

Your challenges

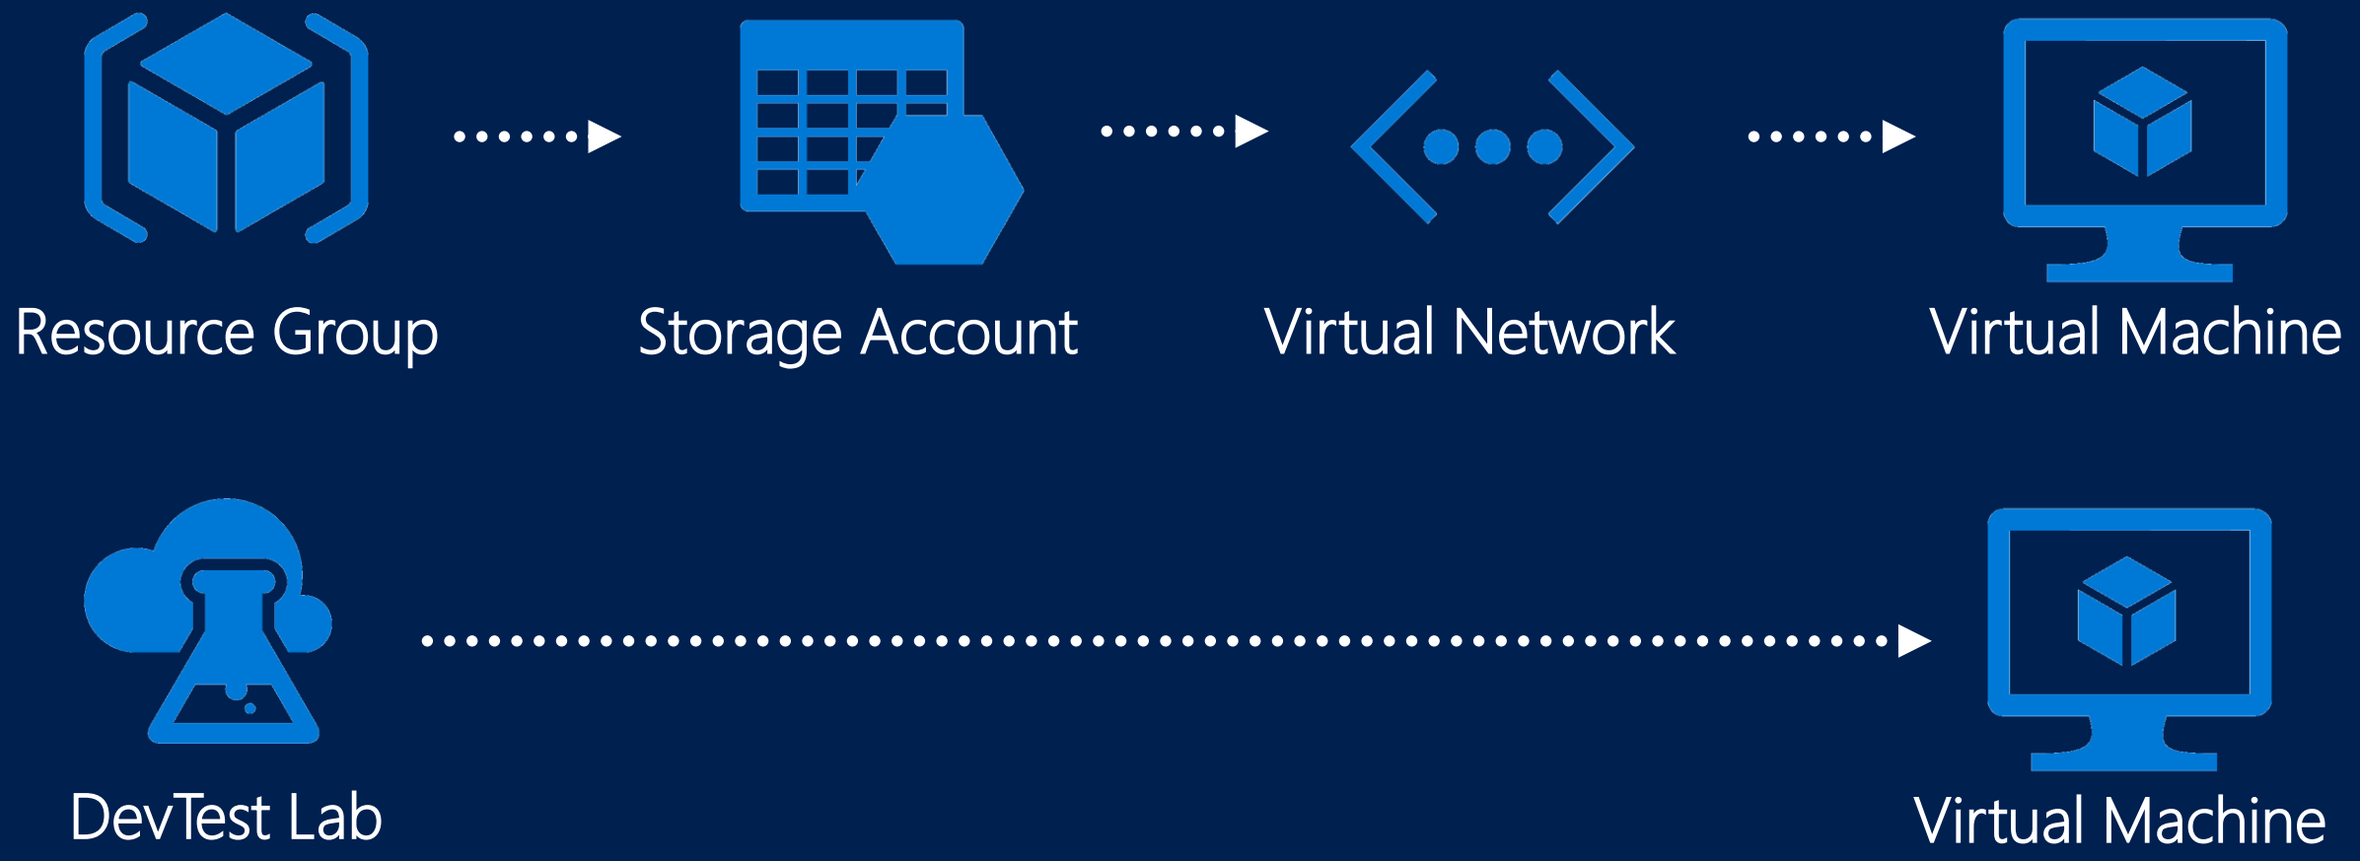
- Compromised agility
- Limited hardware budget
- Limited software licensing
- Resource contention with VMs
- Realistic scale tests often challenging
- Procurement delays

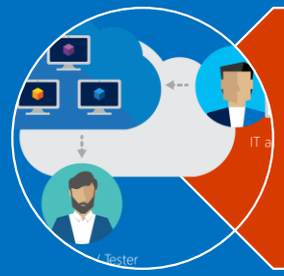
Azure DevTest Labs

Fast, easy, and lean dev-test environments in Azure.
Specifically for your team. On demand.



Regular VM vs DevTest VM





Worry-free self-service

Fast provisioning

Create once, use everywhere, by everyone

Integrate with your existing toolchain

@nelmedia 2017

Automated startup, shutdown, VM expiration

Automate setup and tear-down

Windows & Linux

BYOD / BYON

Owner & User roles

Pre-built ARM Templates and Artifacts

Secret Store

Shared IP’s

Data Disks

DevTest Labs Scenarios

- Dev Box (Dev / IT Pro)
- Test my (our) latest app. With ? Or against ? (Dev)
- Team development (Dev)
- QA testing (Dev)
- Platform troubleshooting (IT Pro)
- Environment replication (IT Pro)
- Training/Workshops/Hackathons (Dev / IT Pro)
- Trial/Demo (Dev / IT Pro)

GA	May 2016 – private since 2015
	Dedicated team & Devs
Cost	Free***
	Compute, network, storage, egress bandwidth, etc.
Limits	No limit to # of labs created
	# of VM's limited by subscription (Azure limitation)
	Based on ARM sub limits (20 cores per sub - 5 vm's w/4 cores ea = 20 limit)
	Typical lab ~40 VM's running concurrent on STD storage, ~22 VM's on SSD storage
	Increases can be requested & change periodically
	https://docs.microsoft.com/en-us/azure/azure-subscription-service-limits

Demo

But, before we get to that…
