- ▶ Principal Technologist @ Cohesity
- ▶ Experience from Helpdesk to Architect
- ▶ Scripter, not a coder
- ▶ Passion for community, teaching, learning
- ▶ Beer, BBQ, & Gadgets

/MYPRESENTATIONS/2022-AUGUST\_VMWARE EXPLORE VMTN

# CLOUD SHELL

Cloud Shell is a Microsoft managed CLI shell for the administration of resources in Microsoft Azure.

# FACTS

- ▶ container
- ▶ "Shell-as-a-Service"
- ▶ 40+ apps/languages
- ▶ Monaco editor ("VSCode mini-me")
- ▶ 20 minute timeout
- ▶ one per user account regardless of region
- ▶ must have Azure File Share access
- ▶ Based on Linux perms as user, not root
- ▶ free, but storage is not (~ or \$HOME)

# THANK YOU!
